MILESTONES

MASSAGE GUN

Features

- Customizable speed settings for personalized massage.
- Reliable rechargeable battery for extended use.
- Compact and lightweight for on-the-go convenience.
- Versatile attachments for various massage techniques.

- 4 Speed Strength
- Compact professional fascia gun with dedicated storage bag.

DRS-8000KB

- Brushless motor for ultra-quiet, wireless handheld use;
- TYPE-C fast charging;
- AI smart chip;
- 4 interchangeable massage heads;
- Compact, lightweight (0.6kg), equivalent to a water bottle's weight.

DRS-8000MR

- Brushless motor for ultra-quiet operation;
- Wireless and handheld design;
- TYPE-C fast charging;
- Equipped with AI smart chip;
- Compact and lightweight body, weighing only 0.38kg.

DRS-8100

- Small metal fascia gun with heating function

DRS-8000G

- Small metal fascia gun with heating function

DRS-8000K

- 3 seconds quick heat
- Synchronized heating and pressing
- 7mm deep percussion

DRS-8120D

NECK & SHOULDER MASSAGER

Features

- Deep tension relief
- Customizable intensity
- Portable design
- Soothing heat therapy
- Versatile neck and shoulder relaxation

- Roller massage for deeper pain relief
- Adjustable pull handle design, truly freeing your hands

DRS-206B

- Skin-friendly fabric
- Adjustable shoulder strap design
- 3 massage modes and intensities to meet different needs
- Wireless use, not limited by charging methods
- Compact size, convenient for business trips / travel

DRS-206A

- Unique human-like kneading massage heads, precisely relieving shoulder and neck pain
- Adjustable pull handle design, truly freeing your hands

DRS-206D

- Features 4 vibrating heads, 2 vibration modes, and 2 heat levels
- Hoodie snap closure for easy fit adjustment
- Removable, washable pillowcase for cleanliness
- Compact and lightweight, easy storage & portability, zero burden

DRS-208C

- Yoga-inspired fabric, lightweight and breathable
- 5-second rapid heating for neck care
- 112cm² extra-large heating area, relaxes stiff neck muscles
- Dual-layer core for softness and support
- Hoodie snap closure for easy fit adjustment
- Removable, washable pillowcase for cleanliness

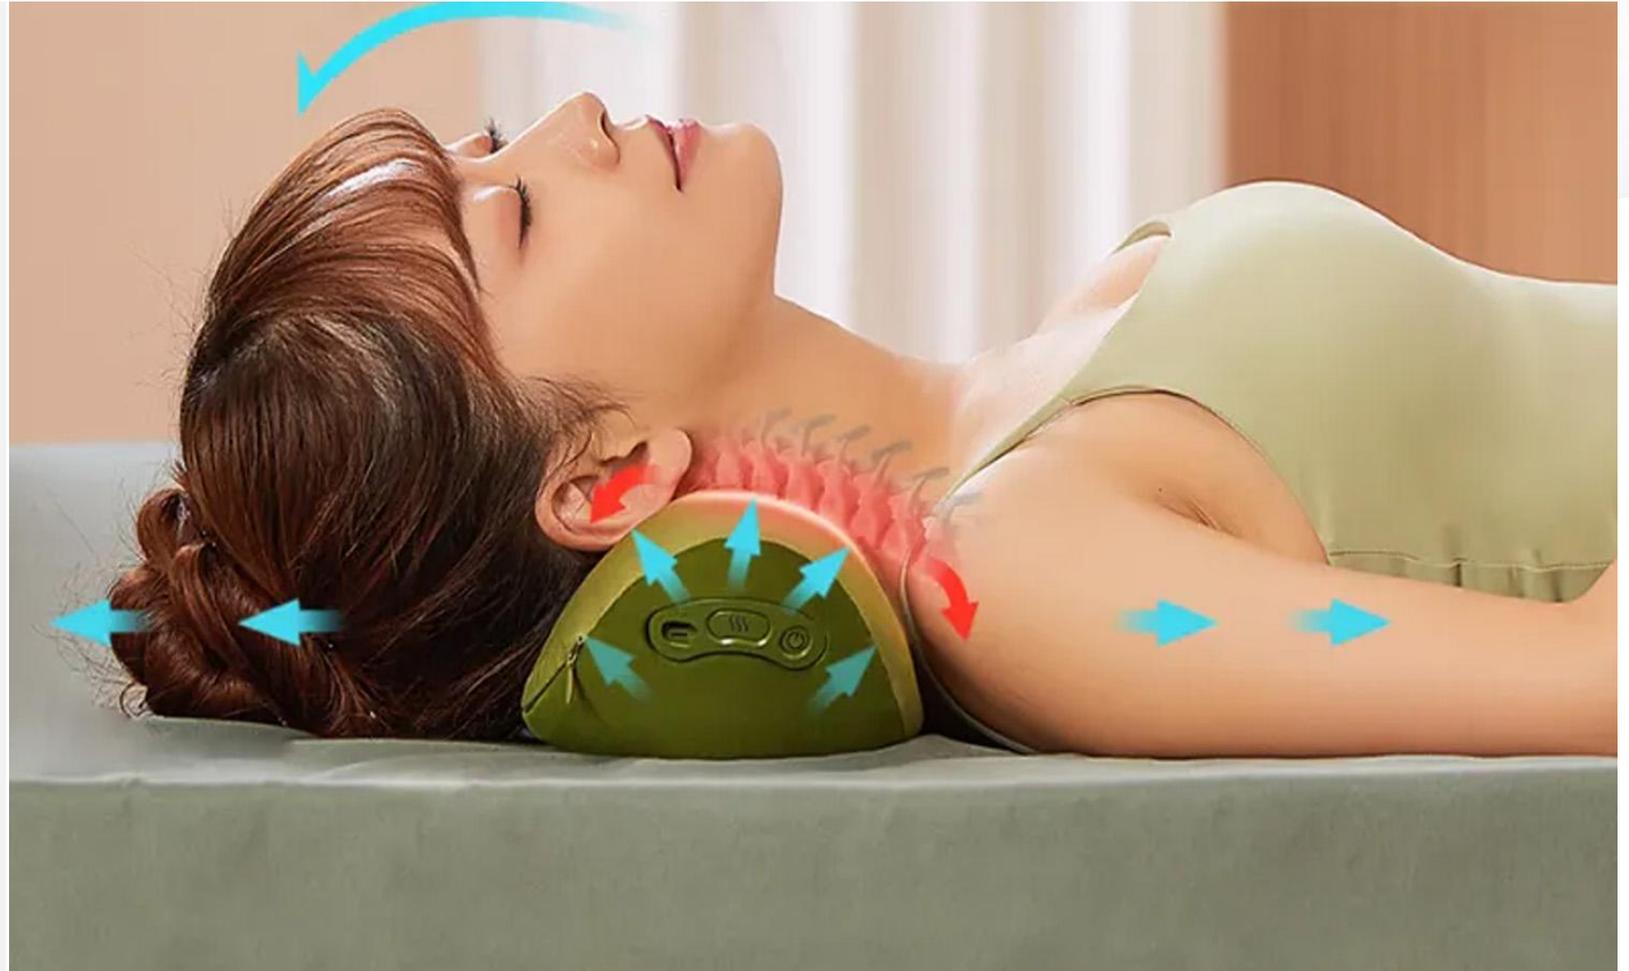

DRS-208B

MASSAGE PILLOW

Features

- Revive with our versatile neck massage pillow—soft fabric, washable case, and rapid heating options.
- Experience quiet, library-grade massage or simulate human hand massage for ultimate comfort.

- Multi-functional detachable pillow
- Skin-friendly fabric, removable washable pillowcase
- Carbon fiber far-infrared rapid heating
- Simulated human hand massage heads, comforting experience.

DRS-209A

- Multifunctional neck massage pillow
- Skin-friendly fabric, removable and washable pillowcase
- Graphene far-infrared rapid heating
- Library-grade silent massage core

DRS-201A

FOOT & LEG MASSAGER

Features

- Multiple massage modes
- Whisper-quiet brushless motor
- Convenient smart control
- Fast charging, extended battery life

- Multifunctional massager, integrating vibration, roller, airbag massage and heating functions
- Equipped with airbags on the top of feet and ankles to achieve a full-wrapping massage
- Detachable and washable foot cloth cover, easy to clean and replace

DRS-3000E

- Full wrap massage
- Negative ion sterilization, one-key freshness
- Professional simulation massage techniques, effective massage reflex points

DRS-3000C-1

- Made of fabric material, make the product light weight
- Unique handle design, easy to move
- Professional simulation massage techniques, effective massage reflex points

DRS-3200A

- Versatile foot massager with kneading, scraping, acupressure, air compression, and warmth;
- Special calf care and full-body meridian circulation therapy;
- High-tech washable foot sleeves;
- User-friendly touch control with dual screens.

DRS-7000B

- Versatile foot massager with kneading, scraping, acupressure, air compression, and warmth;
- Special calf care and full-body meridian circulation therapy;
- High-tech washable foot sleeves;
- User-friendly touch control with dual screens.

DRS-7000A

MASSAGE MATTRESS

Features

- Full-body massage coverage
- Unique heating feature
- Multiple massage modes
- Ultra-quiet massage core
- Personalized intensity adjustment
- Comfortable breathable fabric
- Intelligent timer function

VIBRATION MACHINE

Features

- Powerful Vibration
- Variable Speeds
- Compact Design
- User-Friendly Controls
- Whole Body Workout
- Low Impact
- Portable and Easy Storage

QC

QUALITY CONTROL

1. RAW MATERIAL CHECKS

Raw material inspection ensures compliance with specifications and quality requirements.

2. NOISE TEST

Noise testing evaluates product sound and vibration levels to ensure minimal operational noise.

3. FIRST SAMPLE CONFIRMS

First-sample submission for client approval guarantees adherence to customer requirements and expectations.

4. OQC CHECKS

Outgoing Quality Control (OQC) conducts sampling (10%) to maintain consistent product quality.

QUALITY CONTROL

Management System

● RAW MATERIAL CHECK

Raw material inspection ensures compliance with specifications and quality requirements.

● NOISE CHECK

Noise testing evaluates product sound and vibration levels to ensure minimal operational noise.

● FIRST SAMPLE CONFIRMS

First-sample submission for client approval guarantees adherence to customer requirements and expectations.

● OQC CHECKS

Outgoing Quality Control (OQC) conducts sampling (10%) to maintain consistent product quality.

VIBRATION MACHINE

With 100+ patents (tilty, invention, and design), ISO certifications (9001, 14001, 13485), BSCI social standard certification, and FDA approval, our products boast CE, CB, ETL, KC, RoHS, PSE, and FCC certifications, guaranteeing a secure shopping experience.
